### *Objective*

*3D Modeler/Animator seeking to create 3D Characters, models and Environments for educational interactive materials.*

### *Qualifications*

- *Own Digital Elf Studios consisting of 12 computers fully outfitted with software capable of 3D animation, music composition, compositing and special effects.*
- *In depth understanding of both high-polygonal and low-polygonal modeling of 3D characters, and environments.*
- *12 years of experience in rigging characters and using motion dynamics.*
- *Produced, directed, animated and composed music for the Escape of Middle C, a full length 3D animation/live action movie*
- *Experienced skilled and successful teacher in and out of the classroom.*
- *Proven track record of working well and efficiently with other people.*
- *Over 10 years of composing and performing music.*

### *Work History and Accomplishments*

#### **2010 Labryss Press**

*Recently completed modeling and animating all the muscles, organs and bones that make up the female reproductive anatomy. Made a dvd including closed captioning.*

#### **Independent Filmmaker**

*Completed a feature length animated/live action movie called The Escape of Middle C which is designed to encourage young people to read and appreciate music.*

*I was the sole producer, animator, screenwriter, compositor and composer.*

#### **Teach small groups and private lessons**

*Teach Animation classes as well as private lessons in piano and guitar.*

#### **Video Production**

*Produce video and animation for all Jackson Middle School performances.*

**Desinnova Technologies**

*Developed graphics for interactive software using 3Dmodels (hard surfacing) and animations.*

**2009 Freelance 3D animation services**

*Helped Neighborhood House raise more than \$100,000 by contributing a fundraisng animation describing all of theirservices. Developed a 3D animated characature and animation of Sir Isaac Newton for Newton's 3<sup>rd</sup> Rocketry Club.*

**Presented Animation Workshops**

- *Madeline School*
- *Final Cut Pro User group*
- *Professional improvement day workshops called "Making Science Fun With Animation"*

**2008 Owner of Cinema Arts Camp.**

*A week long program for young people who wish to develop their own movie using professional software, film equipment and computer animation.*

**Animation Instructor**

*Robert Gray Middle School, Portland, Oregon - Developed a highly successful after school animation program for Middle School Students using open source animation software tools.*

**Animator/Modeler**

*Modeled and Animated Accidental Death scenarios for Oregon State Department Of Defense.*

**2007 Jane Scott Video Productions**

*Developed a virtual news room using 3D animation and modeling. Also wrote music score for a documentary.*

**2006 Oregon State Department of Defense**

*Interpreted accidental death scenarios using 3D character animation.*

**2004 Present Teach small groups and private lessons**

*Teach Animation classes as well as private lessons in piano and guitar.*

**1981-2003 Music Teacher** *for Portland Public Schools.*

*Education*

**Northwestern University Evanston, Illinois**

- *Bachelors in Music Education*

**Kansas University Graduate Study**

- *Music Therapy and Applied Piano*

*Professional Organizations*

*Board Member of ACM Cascade SIGGRAPH*

*OMPA*

*ASIFA*

*National Women In Animation*

*Software Fluency*

*Lightwave 3D, Adobe Production Suite, Maya, ZBrush, Vue, Bryce, Poser, Pro Tools, Cubase, Sibelius*

*Relevant Training*

**2010 Attended full conference ACM SIGGRAPH Los Angeles.**

*Board Member of ACM Cascade SIGGRAPH Participated with the Educational Panel as well as The Disney Learning Challenge to encourage educational interactive game development.*

**2010 Software training**

*Linda.Com trainings in Maya, Cinema 4D Adobe Production Bundle CS4*

**2007-Present Kurv Studios Animation training in 3D animation.**

*Study of particle effects and dynamics with Tim Dunn. Study of Character Animation with Larry Shultz.*

**2007 Midi Synthesis Workshop**

*The study computer assisted music applications*

**2006 Friendsgraph Lightwave Training**

**2005 Portland Community Media Center**

*Video Production certification program*

**2001 Seattle Understanding Lightwave Training Workshop**

*Brad Peebler, lead developer programmer of Lightwave 3D*

**2001 Northwest Film Study Lightwave classes**

*Special Projects*

- **Video Production** - *Adoption Agency promotional video for ASIA*
- **Video Production** - *Promotional Video for Bruce Broussard*
- **Composer** - *Wrote choral compositions for Gala in Tampa Florida*
- **Video Production** - *Informational Video for Oregon Water Trust about the*

*Little Applegate River*

- **Director/Composer** - *Collaborated with Portland State University create video teaching children how to deal with abusive situations.*
